

Each kitchen plan starts with a true-to-scale sketch of the room at a scale of 1:20. The following details should be included:

- Room dimensions incl. height
- Information on the walls (inside or outside walls)
- Door dimensions and door hinging
- Position and dimensions of the radiator(s)
- Room corners and angles
- Window dimensions and sill height
- Position of blind cords
- Water boiler
- Wastewater / water pipes, dishwasher connection (high / low pressure)
- Cooker connection
- Plug sockets / power lines switches and fuses for electrical appliances and lighting.
- Other structural features.
